Board of Supervisors
Marin County Flood Control and Water Conservation District
The Marin County Civic Center

SUBJECT: Agreement between the City of Mill Valley and the Marin County Flood Control and Water Conservation District in the amount of $35,000.00 for creek cleaning reimbursement, 2004-2005.

Dear Board Members:

RECOMMENDATION: Execute the attached agreement, and return three fully executed copies stamped “approved” to this office for distribution.

SUMMARY: Each year, your Board enters into an agreement with the City of Mill Valley to reimburse it for work done in cleaning several creeks in the Mill Valley area. The creeks in question are all included among those over which your Board has elected to exercise jurisdiction and, accordingly Flood Control Zone 3 is responsible for the maintenance of the areas listed on Exhibit A. This work is carried out annually through a cooperative arrangement with the City of Mill Valley, which has experienced staff to supervise this work. Approving this agreement will allow them to carry out this work on behalf of Flood Control Zone 3, and to reimburse them for the incurred expenses.

FISCAL IMPACT: Funds are available in the budget for Flood Zone Three, account 229- FC3-2325.
